

Develop ideas and investigate artists and cultures		Experiment and refine	Record and observe	Present a personal response	Year9	Year8	Year7
I have researched many different art movements. I can confidently explain how and why the understanding of the work of others affects my own ideas. I use this to create imaginative ideas.	I take creative risks that help to develop and improve my work. I use materials and techniques skilfully and imaginatively. I constantly refine and improve my work.	I record ideas skilfully and imaginatively using appropriate techniques that show an excellent understanding of the project.	I develop, express and realise ideas in original ways, confidently exploiting what I learn from taking creative risks.	9			
I can explain how and why the understanding of the work of others affects my own ideas, values and practice.	I take creative risks that help to develop and improve my work. I use feedback to improve my work	I record ideas skilfully using several different techniques that show a clear understanding of the project	I can skilfully use my knowledge of materials and processes to bring together what I have learnt during the project.	8	9		
I have researched several different art forms/movements. I use research to help me develop my art-work for its intended purpose.	I make positive comments when judging my own work and that of others. I listen to feedback to improve my work. I analyse what works and what doesn't.	I record ideas skilfully using several different techniques. I show more understanding of the style of the project	I can confidently use my knowledge of materials and processes to bring together what I have learnt during the project. I achieve what I set out to do.	7	8	9	
The ideas I used in my work link meaningfully to the artist I have studied	I can work independently to improve my own work. I can confidently adapt my work as I go along.	I record ideas confidently and clearly using several different techniques that link to the style of the project	I can confidently use my knowledge of materials and processes to bring together what I have learnt during the project	6	7	8	
I use research to help with my own ideas. I think about who/what my artwork is for (context)	I can choose appropriate materials and techniques. I can adapt my work as I go along.	I can confidently and clearly record my own ideas and observations using different drawing techniques and art vocabulary	I use my knowledge of materials and processes to bring together what I have learnt during the project. I use materials appropriately	5	6	7	
I choose appropriate ideas from different places, e.g. books and the Internet. I use research to help with my own ideas.	I know how to use different materials to help me develop my own 2D and 3D art, I know how to change my work to improve it. I use my time well.	I have become more confident about recording my own ideas and observation. I use new techniques.	I use my knowledge of materials and processes to communicate my own ideas using materials appropriately	4	5	6	
I can talk and write about my work confidently. I can successfully compare my work to that of others.	I have experimented and taken risks. I can change my work on my own and improve on it.	I can clearly record my own ideas and observations using different drawing techniques and art vocabulary	I can make 2D and 3D work based on my own ideas. Altering it to improve it as I go along.	3	4	5	
I can understand the difference between my work and others, and what I need to do improve my work	I use my knowledge of materials and processes to communicate my ideas	I can record my own ideas and observations using different drawing techniques and art vocabulary	I develop and make my own 2D + 3D art and design work with confidence. I can change my work on my own to improve it	2	3	4	
I can comment on my own and other's work. I use my knowledge of art to help develop my ideas	I change my work to make it look better.	I can talk and write about my work with some confidence, with help from my teacher. I can use drawing to record ideas	I develop and make my own 2D + 3D art and design work with some confidence.	1	2	3	
I understand how to use other artwork to inspire my own	I know what different materials can do. I can improve my own work with help from my teacher	I can explore new ideas and observations by drawing and writing about them	I can develop and make my own 2D + 3D art and design work and link it to my project.		1	2	
I know how to use the information I have collected from books and pictures.	I know what different materials can do.	I explore ideas and collect information for my work	I develop and make my own 2D + 3D art			1
